

AUTO WATER SOFTENER

JOY WITH ENJOY
SOFT-WATER

1, Saakar Complex, Nr. Shaktinath Under Bridge, BHARUCH - 392001
Ph. 9825132635, 02642-260015 | info@aquatech.asia | www.aquatech.asia

HOW IT'S WORKS

Water Softener converts hard water into soft water by replacing hard salts like Calcium and Magnesium with sodium through an efficient ion-exchange process

ADVANTAGE

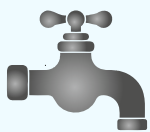

Bathing - Enjoy The Bathing Without Dry Skin

Soften the clothes - get better cleaning effects and more than 50% of detergent saves

No White Scaling Image After Clean The Utensil

No Scale After Dry Water Easy Clean

Low Maintenance Cost
(only 10 kg Salt / Regeneration)

Auto Re-generation

No Require Service

SPECIFICATIONS

Resin Volume	50 litres
Max. Flow Rate	3000 litres/hour
Output Between Regeneration (OBR)	10000 litres *
Regeneration Method	Automatic
Dimensions(inch)	D 12" H 55"
Weight	60 kgs
Softener Price	Rs. 38000
Pre-Filter Price	Rs. 3000
* Obr calculate input hardness of raw water 300	
* Hardness more then 700 Dual softner model require
